

Green Star 96

Universal cleaner 96

page 1 of 1

The concentrated, phosphate- and solvent-free, alkaline universal cleaner. Due to its high dirt and oil carrying capacity, it is universally applicable for workshop floor and industrial cleaning, interior and exterior cleaning of cars and trucks as well as engine washing. Special corrosion inhibitors ensure high material compatibility with sensitive components such as anodized aluminium. For use in spray extraction and other carpet cleaning equipment, we recommend the addition of the foam inhibitor KocEntschäumer. Also optimally suited for biological service water treatment plants. Quick release according to ÖNORM 5105. VDA-compliant Class A: Application time max. 5 min, max. application concentration 1:2

Areas of use

Cars, camping and commercial vehicles, workshop and industrial floors, machines etc.

Recommendations for use

Depending on soiling: Vehicle exterior and engine cleaning: 1:4 to 1:20. Apply to the entire surface, allow to act briefly and rinse off thoroughly with a high-pressure cleaner. Vehicle interior and textile cleaning: 1:7 to 1:15. Remove product residues with a damp cloth or with a wet/dry vacuum cleaner. Workshop and industrial floors: 1:30 to 1:90. VDA-compliant class A: exposure time max. 5 min, max. application concentration 1:2

Container
