

Motorplast

Special engine conserver

page 1 of 1

Naturally shiny, water-displacing conserver for engines, housing parts, rubber hoses and power units of cars, commercial vehicles, etc., with pleasant fragrance. Treated parts regain their new appearance. The complete drying (no lubricating film) prevents dirt sticking. The power units are protected from corrosion and environmental factors by the permanently elastic protective film. Suitable for use on dry and wet surfaces. Temperature-resistant to 250°C. With Daimler approval.

Areas of use

Engines, housing parts, rubber hoses and power units of cars, commercial vehicles, etc.

Recommendations for use

Use a spray bottle, or ideally the Cyclone, to apply an even thin film to the precleaned wet or dry surfaces and then leave to dry.

Container

Container	Item no.
5 L	236005
200 L	236200
0,5 L	236500
20 L	236020

Warnings
